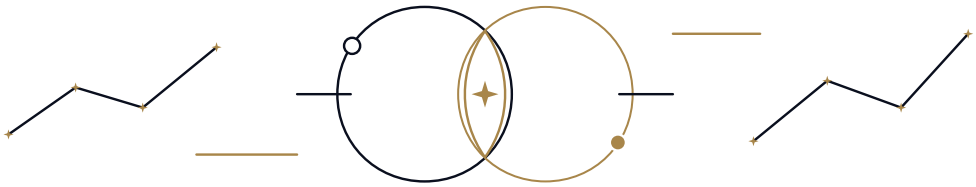
ASTROMERIDIA



CHAPTER 1

♀ Compatibility

This free reading compares your two Sun signs, the part of the chart that describes core motivation and the way each of you seeks to feel alive. It offers a first, friendly snapshot of how your natures meet. It is a starting point, not a verdict, and works with your dates of birth alone.

Two deep waters, intense and porous

Scorpio + Pisces

Scorpio and Pisces make a deep, intuitive match. As water signs, you share sensitivity, emotional understanding and a strong bond. Scorpio offers protection and intensity; Pisces offers compassion and imagination. You can understand each other almost wordlessly. The risk lies in moodiness or escapism. Honest communication and practical grounding help this soulful relationship flourish. Creative or spiritual interests may draw you even closer, giving you a private world of shared meaning. Scorpio provides strength and focus when Pisces feels lost, and Pisces offers gentleness when Scorpio's intensity needs soothing. This combination can be deeply healing for both.

Your shared path

Sun signs only tell part of the story. The full chart comparison report compares Moon, Venus, Mars and every planet between your two charts, showing where you flow easily and where you will need patience, with Ascendant links when birth times are known.
